INSTALLATION AND SET UP FOR HOMEAWARE™
HA360BR – Basic Receiver

The HomeAware™ HA360BR Basic Receiver will alert you to (DOOR, BABY, PHONE, FIRE etc.) with its 5 flashing bright LED's lights and an icon that will light up, corresponding with the alert.

Battery Backup Installation

Install (3) 1.5 volt AA alkaline batteries into the battery compartment located on the back of the unit. Battery backup will provide power when a power outage has occurred. Power will be provided for a continuous outage lasting 7 days, or for short outages up to two years.

When the **BATT** icon on the display lights up it is indicating that the batteries are low and you need to replace them.

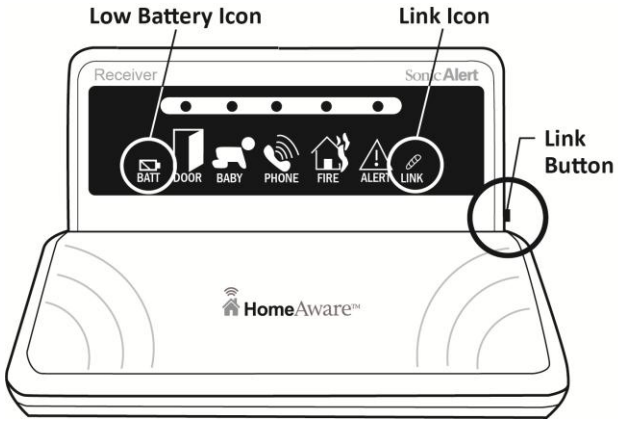
Link Button Set Up

This procedure will link the HA360BR – Basic Receiver to your HA360M Main unit. The Main unit will also provide an alert to all HomeAware™ remote receivers. When using the Bridge unit HA360BU all original Sonic Alert receivers (SA101, SA201, BL300, and SB1000) will also alert you.

It is best to do the link procedure in the same room with the HomeAware™ Main unit, and to make sure the unit is plugged in.

To link an HA360BR Basic Receiver to your HomeAware™ Main unit:

1. Press set up button on the Main unit and the word **LINK** will be shown on the display, press Enter. **LINK** will begin blinking. (*If **LINK** mode is entered by accident, simply press the **BACK** button to exit and return to the clock.*)
2. Press the link button on the side of your basic receiver (see diagram below) and the **LINK** icon on from of unit will light up
3. Upon successful connection, the 5 bright LEDs will flash three times.



FCC Requirements

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions; (1) This device might not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
