HomeAware-II Bed Shaker

HA360V-II

The HA360V-II Bed Shaker is a great system add-on for your HomeAware system.

Place under your pillow, between your mattress and box-spring, or tuck into the cushions of your favorite chair and the HomeAware-II Bed Shaker will shake, shake, shake when your HomeAware system is triggered.

If you choose not to use the vibrator you can set it to OFF in your HomeAware-II settings menu. The vibrator should be connected to provide maximum protection from **SMOKE** or **CO** events. The vibrator is an important part of the danger warning system.

Features:

- Extra strong shaking power
- 6- ft cord
